

Bedroom Two - Upstairs

Note: Cable provider and equipment changes often occur.

To watch cable TV (available via Roku)

1. Using the MAG remote press & release the power button
 - If you don't see the Roku Home Screen or screen saver -
 - press & release the Source button (middle of the MAG remote)
 - Using the up/down arrows on the disc select VIDEO6 (HDMI1)
 - Press the "OK" button on the disc
2. From the Roku home screen use the Roku remote to navigate to the Spectrum app and press "OK"
3. After the app loads, select "Live TV" from the menu at the top of the screen, and press "OK"
4. While in "Live TV" press the right arrow to access the channel guide
5. Navigate to your desired channel and press "OK"

NetFlix/Streaming Roku Player

1. Access the Roku home screen as described above
2. Use the Roku remote to select the Netflix app

Oritron DVD Player

1. Use the Oritron remote to power on the player
2. Using the MAG remote:
 - a) Power on the TV
 - b) press and release the Source button
 - c) On the MAG remote, use the up and down disc arrows to select "VIDEO2 (REAR)"
 - d) Press ENTER
3. Insert a disc into the player & press play
4. Control the DVD functions using the Oritron remote

Things to note:

“Pay-Per-View” selections must be billed to your account.
Check cable connections if you are still having trouble.

These notes are as current as possible – we do have guests occasionally “creatively” modify these connections. We ask that you *refrain from doing so*. If a component does not work as described here please contact us.
